**B**urnouts...love 'em or hate 'em, you have to admit they damn sure get a crowd movin' and shakin'. The Baker Burnout Drags competition was no exception! This was the second year at the Legendary Buffalo Chip and just like last year, you couldn't have picked a better venue. Lon Nordbye and his staff, along with everybody's favorite "Go-To-Girl" Trish Horstman from Baker Drive-train, pulled out the stops and their professionalism showed.

The list of competitors was guaranteed to make for one hell of a show, especially when you have the former "World Burnout King" champion, Pat Patterson, on the Impaler; what would expect! Last year's champ, Bill Dodge, showed up to defend his title from the likes of Big Paul, Bare Knuckle Choppers; Laura Klock, Klockwerks; Athena "Chopper Chickie" Ransom, Vagabond Choppers; John Schope, Sinister Choppers; Jerry Covington, Covington's; Randy Winchel, Framelock; Bean're; Teach, Baas Metal Craft; Ken Wolfe, S&S; and last but not least, Dar Holdsworth of Brass Balls Bobbers.

Speaking of Dar, it has been said that he is the first graduate from Baker Burnout University. Bert Baker was kind enough to give Dar a demonstration against a rental car's tire, right off of Lazelle. It was definitely a funny moment.

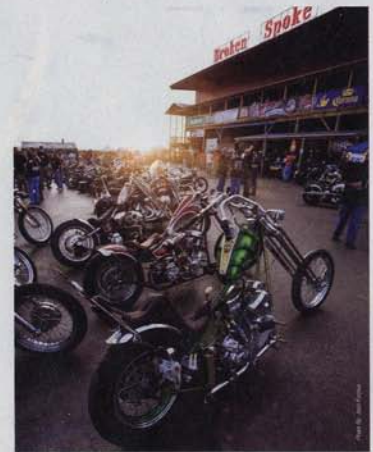

This year saw Wolfey from S&S taking the title from Bill amid a difficult decision from them doing the best 2

out of 3. James and Scott had the toughest job watching the guys and girls shift and they did a hell of a job through it all. Baker also gets some great sponsors for this event and this year they included: Avon Tyres, Spectro Oils, Indian Motorcycles, New Belgium Brewing, Ethanol Fuels and of course the Legendary Buffalo Chip. Be sure to catch the drags next year because I'm told it will only get better! I can't thank Bert, Lisa, Trish, Lon and everyone else enough for having me as the emcee. I had a blast!!
