[Spectro Brands](#) are manufactured and marketed by Intercontinental Lubricants Corp. of Brookfield, CT, ILC, one of the world's foremost manufacturers and packagers of quality lubricants. [Spectro Products](#) span the full range of fully synthetic, semi synthetic and petroleum lubricants for all classes of "powersports" engine and transmission applications. The Spectro line

also includes a wide range of suspension fluids, fork oils, brake fluids, coolant, chain lubes/waxes, filter cleaners and oils and protection/appearance products. As a trusted brand in the motorcycle industry for over 40 years, Spectro Oils consistently deliver a top quality product, reason why so many very reputable companies of the motorcycle industry, manufacturers, dealers and custom builders distribute and use them exclusively. For example [Baker Drivetrain](#) is using Spectro in their 2009 show season on all installations they perform at major events and rallies. Products used include: Heavy Duty Platinum 6 Speed Transmission Lubricant in conjunction with all of their DD6 and DD7 installations, Heavy Duty Chaincase Lubricant in all primaries and Spectro motor oil in all bikes. [Sucker Punch Sallys](#) is also distributing and exclusively using Spectro products in all their custom bikes.
